

# SAHASRAR PUJA

NARGOL

**4<sup>th</sup> – 5<sup>th</sup> May 2019**

*To be one with the Divine is the greatest blessing for human beings. So far they were human beings at a lower level of existence, and they had all the problems at that level, that is: jealousies, hatred; all kinds of problems that are today: of fighting, of troubling others, destroying others and not loving others. All these problems existed because their Sahasrara was not opened. So our main problem is to open the Sahasrara of the people all over the world, which is very simple, which you can all do it, and it will work better if you do it collectively. If you are collective you can work it out very well.*
